MEMORANDUM FOR: Director of Personnel

FROM : Clifford D. May, Jr.
Director of Data Processing

SUBJECT : Office of Data Processing Staffing
Complement

We are currently reviewing the recently published staffing complement that resulted from the reorganization of the Office of Data Processing in July 1976. I am sure you are aware that in order to get the staffing complement published, compromises were made on the grade levels of many positions and, to a lesser extent, the structure of our components. We consider the staffing complement, as currently structured, a point of departure, not a finalized document. Upon the completion of our in-depth review, we will make specific recommendations to the Office of Personnel to correct what we believe to be inequities in the current staffing complement.
